

TMASF Connects Professional Development Network

A free community resource for Bay Area professionals and job seekers

First 50 professionals to join will get a gift!

Please click here to join the network

TMASF Connects Work Program provides resources to enhance skills and improve the work lives of San Francisco's local workforce.

The [TMASF Connects Professional Development Network \(PDN\)](#) is kicking into high gear. The PDN aims to serve as a hub for students and interns as well

as employers and tenants of our member buildings, bridging gaps for professional interaction and opportunities. We will be using it to facilitate the needs and deficiencies of the local workforce in order to create new collaborative efforts. Come celebrate with us! First 50 professionals to join will be receiving a gift.

TMASF Connects is hosting this free community service, which is included with your building's association membership fees. There are no additional fees for you and your organization to participate in the Professional Development Network.

Please [click here](#) to join the network.

Join by May 4th to secure your gift! Joined already? You're already included!

We hope to see you on our [network](#) and are looking forward to your participation!

You are receiving this email because you either are a member or tenant in one of our member buildings, registered to win prizes on our website, or participated in a survey or raffle at a member building or public commute event.

Thank you for your membership and participation in TMASF Connects.
