

Earth Day Greetings

For 50 years, the world has set aside April 22nd to reflect on the shared relationship between humans and our planet. This year in particular, elements that bind us as humans are uniquely and sadly being shared as we navigate COVID-19. For our planet, our lives and our future, we at TMASF Connects staff and board of directors wish each of you a peaceful, healthy and safe day of reflection.

We continue to refine our [website](#) and [resources](#) to help members, tenants and employees working from home to be more connected, efficient and prepared during these times. As we inch toward a re-opening, we will continue communicating with public transportation service providers to bring information about changing conditions. And, our Career program is ramping up new tools to better reflect on what will be an obviously changed workplace.

The TMASF Connects 2020 Commuter Behavior Survey is being reviewed by City and County of San Francisco (CCSF) Planning Department officials and we expect to release a copy of the survey to members upon their final determination of compliance. Thank you again for your participation in the survey effort.

We miss our members and look forward to celebrating Earth Day 51 with you next year! Please call or e-mail us if you have any ideas, questions or concerns. We remain here to help.

April 24th, 2020
