

Parking Garage Resource Sheet

With respect to diminished transit services, lingering questions about best practices for safely using shared public transportation services and concerns about ridesharing, TMASF Connects has developed a resource sheet to identify parking garage options in San Francisco. We have listed links below to both publicly and privately operated garages. Information about pricing and hours of service are included as possible.

SFMTA has a [list](#) of SFMTA-owned garages and lots. The following resources allow local workers to scour additional local parking garages, reserve and prepay spots ahead of time, and occasionally save on costs as well!

- [Parking Panda](#)
- [ParkWhiz](#)
- [SpotAngels](#)
- [SpotHero](#)

Use the following resources to find street parking with real-time street parking predictions and availability:

- [ParkMe](#)
- [Parknav](#)
