

Commuting with BART Ridership Experience

[Click Here](#) to see our video interview with BART on Rider Experience.

POLICY

BART has adopted a sexual harassment policy with their **Not One More Girl** campaign to address gender-based violence and empower riders. Other BART policies remain in place and have not changed throughout the pandemic. **Bike rules** still apply, and only **trained service animals** are allowed on leashes or a harness in the BART system. Non-service animals must be in a secure, enclosed carrier specifically manufactured for transporting pets.

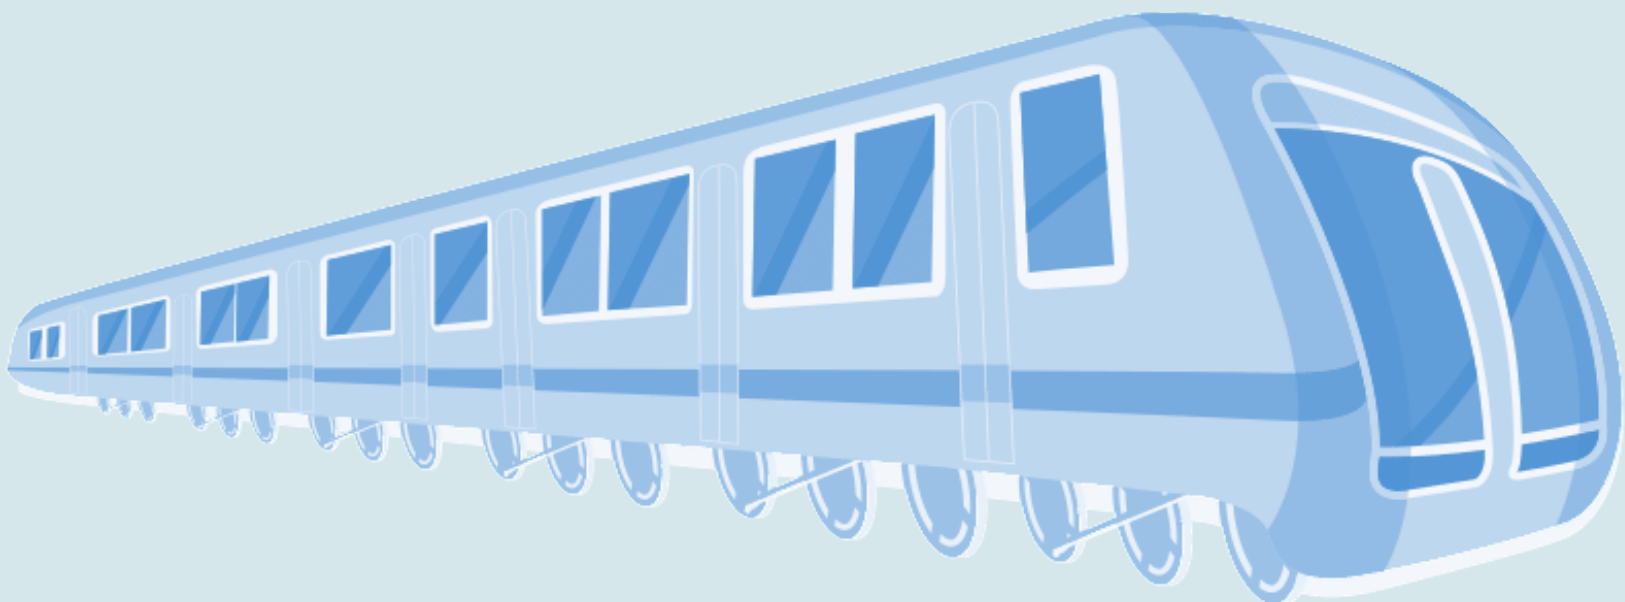

PARKING

BART continues to offer **parking** and offers several ways to pay: by using the BART Official App, the EZ Rider Program, or cash payment at stations.

SAFETY TIPS WHILE AT BART

As of early 2022, BART has begun **accepting deliveries of new Fleet of the Future rail cars** again. **Features** on the new train cars include a quieter, cooler, and more comfortable rider experience.
